### DR. SPINNEY

NO. 11 KEARNEY ST.

Treats All Chronic and Special Diseases.

#### YOUNG MEN.

WHO may be suffering from the effects of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Venereal Weakness or private disease of any kind or character which he undertakes and fails to cure.

#### MIDDLE-AGED MEN.

There are many at the age of thirty to sixty, who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear. The color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5.

Call or address, DR. SPINNEY & CO., No. 11 Kearney St., San Francisco

P. S.—For private diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of \$10.00.

### COUNTY PLATFORM.

Resolved, That this Convention endorse the platform adopted by the Republican State Convention held at Reno on the 14th day of September, 1892.

Resolved, That the Republicans of Washoe County heartily endorse the nominees of the Republican State Convention, from Governor to State Printer, as honest, true and capable men.

Resolved, That the salary law of this State is, in our opinion, just and equitable, and a great benefit to the taxpayers of this county, and that it would be inexpedient to make any change therein.

Resolved, That the common schools of our county demand the fostering care of every good citizen. That their management should be placed in the hands of our best men, and that the different precincts of the county select such men for school officers.

Resolved, That the Republican party of Washoe County views with concern a bankrupt treasury, the general deprivation of values throughout the State and the uncertainty of the near future—realizing the necessity for immediate and practical legislation in the direction of stern retrenchment and a wise and prudent administration of county affairs, and that our candidates for legislative and county offices be solemnly pledged to use their best endeavors to secure the needed legislation and desired economy in public affairs.

Resolved, That we recommend and heartily endorse the nomination of the Hon. C. C. Powning for Member of Congress, and C. S. Preble for Surveyor General.

Resolved, That we recall with pride the efforts of C. C. Powning in the Legislature of our State while acting as Senator from this county.

Resolved, That we have known him from boyhood to manhood in Reno, and that we have ever found him temperate, moral, industrious and honest.

Resolved, That we feel confident that our candidate for Surveyor General is deserving the confidence and support of the people. That he is competent to fill the duties of the important office to which he aspires, and a gentleman whom we take pleasure in recommending to the voters of Nevada.

### REPUBLICAN

STATE PLATFORM.

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1860, and as further embodied in its great history from its organization to the present time.

Resolved, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese by a Republican Congress and approved by a Republican President, is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

Resolved, That we recognize the paramount importance of maintaining unimpaired the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor such educational legislation as the condition and wants of the common schools of the State may require. As free institutions they should be conducted as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

Resolved, That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party favors and demands, at the hands of the State Legislature, legislation regulating and equalizing freights and fares on all railroads within this State.

Resolved, That we are in favor of the Government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

Resolved, That the coinage of silver should be placed upon the same basis as that of gold, and we invoke early Congressional legislation to that end.

Resolved, That it is the duty of the Legislature to enact such laws as will result in the purification

**Barb-arous.**

Barbed fences are inhuman and their make is an industry in which little stock should be taken. The contrivance was a brutal one, and if the loss of stock caused thereby were ascertained weighty figures would be presented. But recently over in California a fine team were turned into a pasture-lot fenced with this brutality, and starting on a playful run, and striking the fence one was pierced and instantly killed, and the other so badly mutilated that he had to be shot. The day before a valuable two-year colt had also fallen a victim to this infamously barb-arous fence.

A PROFESSIONAL CONFESSION.

The Unusual Experience of a Prominent Man Made Public.

The following article from the Democrat and Chronicle, of Rochester, N. Y., is of so striking a nature, and emanates from so reliable a source, that it is herewith re-published entire. In addition to the valuable matter it contains it will be found exceedingly interesting:

TO THE EDITOR OF THE DEMOCRAT AND CHRONICLE:

SIR:—My motives for the publication of the most unusual statements which follow are, first, gratitude for the fact that I have been saved from a most terrible death, and, secondly, a desire to warn all who read this statement against some of the most deceptive influences by which they have ever been surrounded. It is a fact that to-day thousands of people are within a foot of the grave and they do not know it. To tell how I was caught away from just this position, and to warn others against nearing it are my objects in this communication.

On the first day of June, 1881, I lay at my residence in this city surrounded by my friends and waiting for my death. Heaven only knows the agony I then endured, for words can never describe it. And yet, if a few years previous, any one had told me that I was to be brought so low, and by so terrible a disease, I should have scoffed at the idea. I had always been uncommonly strong and healthy, had weighed over 200 pounds and hardly knew, in my own experience, what pain and sickness were. Very many people who will read this statement realize at times that they are unusually tired and cannot account for it. They feel dull and indolent pains in various parts of the body and do not understand it. Or they are exceedingly hungry one day and entirely without appetite the next. This was just the way I felt when the relentless malady which had fastened itself upon me first began. Still, I thought it was nothing; that probably I had taken a cold which would soon pass away. Shortly after this I noticed a dull and at times a neuralgic pain in my head, but as it would come one day and be gone the next, I paid but little attention to it. However, my stomach was out of order and my food often failed to digest, causing at times great inconvenience. Yet I had no idea, even as a physician, that those things would anything serious or that a monstrous disease was becoming fixed upon me. Candidly, I thought I was suffering from malaria, and so doctored myself accordingly. But I got no better. I next noticed a peculiar color and odor about the fluids I was passing—also that there were large quantities one day and very little the next, and that a persistent froth or scum appeared on the surface, and a sediment settled in the bottom. And yet I did not realize my danger, for, indeed, seeing these symptoms continually, I finally became accustomed to them, and my suspicion was wholly disarmed by the fact that I had no pain in the affected organs or in their vicinity. Why I should have been so blind I cannot understand.

There is a terrible future for all physical neglect, and impending danger always brings a person to his senses, even though it may be too late. I realized at last my critical condition, and aroused myself to overcome it. And, oh, how hard I tried! I consulted the best medical skill in the land. I visited all the prominent mineral springs in America, and traveled from Maine to California. Still I grew worse. No two physicians agreed as to my malady. One said I was troubled with spinal irritation; another, nervous prostration; another, malaria; another, dyspepsia; another, heart disease, another, general debility, another, congestion of the base of the brain; and so on through a long list of common diseases, the symptoms of all of which I really had. In this way several years passed, during all of which time I was steadily growing worse. My condition had really become pitiable. The slight symptoms I at first experienced were developed into terrible and constant disorders—the little twigs of pain were grown to oaks of agony. My weight had been reduced from 207 to 130 pounds. My life was a torture to myself and friends. I could retain no food upon my stomach, and lived wholly by injections. I was a living mass of pain. My pulse was uncontrollable. In my agony I frequently fell upon the floor, convulsively clung to the carpet and prayed for death. Morphine had little or no effect in deadening the pain. For six days and nights I had the death-promontory hiccoughs constantly. My urine was filled with tube casts and albumen. I was struggling with Bright's Disease of the Kidneys in its last stages.

While suffering thus I received a call from my pastor, the Rev. Dr. Foote, pastor of St. Paul's Church, of this city. I felt that it was our last interview, but in the course of conversation he mentioned a remedy of which I had heard much but never used. Dr. Foote detailed to me the many remarkable cures which had come under his observation, by means of this remedy, and urged me to try it. As a practicing physician and a graduate of the schools, I cherished the prejudice both natural and common with all practitioners, and denied the idea of any medicine outside the regular channels being the best benefit. So skeptical, however, was Dr. Foote, that I finally promised I would waive my prejudice and try the remedy he so strongly recommended. I began its use on the first day of June and took it according to directions. At first it sickened me; but this I thought was a good sign for me in my debilitated condition. I continued to take it; the sickening sensation departed, and I was able to retain food upon my stomach. In a few days I noticed a decided change for the better, as also did my wife and friends. My hiccoughs ceased and I experienced less pain than formerly. I was so rejoiced at this improved condition that, upon what I had believed but a few days before was my dying bed, I vowed, in the presence of my family and friends, should I recover I would both publicly and privately make known this remedy for the good of the community, wherever and whenever I had an opportunity. I also determined that I would give a course of lectures in the

Corinthian Academy of Music of this city, stating in full the symptoms and almost hopelessness of my disease and the remarkable means by which I have been saved. My improvement was constant from that time, and in less than three months I had gained 26 pounds in flesh, became entirely free from pain, and I believe I owe my life and present condition wholly to Warner's Safe Kidney and Liver Cure, the remedy which I used.

Since my recovery I have thoroughly re-investigated the subject of kidney difficulties and Bright's disease, and the truths developed are astounding. I therefore state, deliberately, and as a physician, that I believe that more than one-half the deaths which occur in America are caused by Bright's disease of the kidneys. This may sound like a rash statement, but I am prepared to fully verify it. Bright's disease has no distinctive symptoms of its own, (indeed, it often develops without any pain whatever in the kidneys or their vicinity), but has the symptoms of every other known complaint. Hundreds of people die daily, whose burials are authorized by a physician's certificate of "Heart Disease," "Apoplexy," "Paralysis," "Spinal Complaint," "Rheumatism," "Pneumonia," and other common complaints, when in reality it was Bright's Disease of the Kidneys. Few physicians, and fewer people, realize the extent of this disease, or its dangerous and insidious nature. It steals into the system like a thief, manifests its presence by the commonest symptoms, and fastens itself upon the system before the victim is aware. It is nearly as hereditary as consumption, quite as common and fully as fatal. Entire families, inheriting it from their ancestors, have died, and yet none of the number knew or realized the mysterious power which was removing them. Instead of common symptoms it often shows none whatever, but brings death suddenly, and as such is usually supposed to be heart disease. As one who has suffered and knows by bitter experience what he says, I implore every one who reads these words not to neglect the slightest symptoms of kidney difficulty. Certain agony and possible death will be the sure result of such neglect, and no one can afford to hazard such chances.

I am aware that such an unqualified statement as this, coming from me, known as I am throughout the entire land as a practitioner and lecturer, will arouse the surprise and possible animosity of the medical profession, and I am all too well acquainted with the fact that I am prepared to produce, and truths which I can substantiate to the letter. The welfare of those who may possibly be sufferers such as I was is an ample inducement for me to take the step I have, and if I can successfully warn others from the dangerous path in which I once walked, I am willing to endure all professional and personal consequences.

J. B. HENTON, M. D.

Facts to be Remembered.

A statement has recently been prepared from the books of the Treasury Department which shows that since the 31st of August, 1865, the debt of the United States, which, including legal-tender notes, stood at \$2,381,530,296 96, has in its interest-bearing portion been reduced to \$1,437,693,750. The actual reduction in seventeen years makes an aggregate of \$943,836,544 96, which is equal to forty per cent. of the debt. The annual saving of interest payable on that portion of the debt which bears interest is represented by a reduction from \$150,977,697 87 to \$56,448,488 50, which shows an annual interest reduction of \$94,531,209 37, or about sixty-three per cent. This is one of the most remarkable records that any country ever made in the history of debt paying. And the unwavering manner in which the Republican party has ever kept this object in view, must convince the country of its purity and patriotism.

ASKED AND ANSWERED.

(Eureka Leader.)

Mr. Cassidy's paper, the control of which he claims only when it is to his interest to do so, asks:

Was his name not coupled with a palpable lie and published conspicuously in big types as a grand advertisement by two thirds of the Republican newspapers of Nevada? Was not this disgusting scandal staring his neighbor's friends of both parties in the face here in Eureka day after day in almost every public resort and private dwelling in his own home?

This refers to Mr. Cassidy's connection with the passage of the Naval Appropriation bill, and in return let us ask a question or two.

Was not the Naval Appropriation bill engineered through the House of Representatives by George M. Robeson?

Have not the Democratic papers in the country, the Eureka Sentinel included, during the past few years denounced Robeson as a thief?

Did not the Democratic papers over the country denounce the Naval Appropriation bill as a big steal?

Did not George W. Cassidy, in company with only seven other Democrats and Independents, vote for this bill?

Did not the New York Sun, the acknowledged leading Democratic paper of the country, publish the names of these men, and assert they were not fit to be trusted by their party?

Was the name of Mr. Cassidy not among the list of these names?

If the statements alleged to have been made by Democratic authorities are correct, there is one of two ends of a horn they can take. Either acknowledge that they lied about Robeson and the Naval bill, or acknowledge that George W. Cassidy aided and abetted in a steal.

About 1,000 Chinamen will leave San Francisco for home on the City of Peking.
